

MISSISSAUGA BASSMASTERS

We are one of 30 Chapters in the Ontario B.A.S.S. Federation. The Ontario B.A.S.S. Federation became the 50th federation in the B.A.S.S. International Federation family. This family includes most of the United States, Italy, Japan, South Africa and Zimbabwe. The B.A.S.S. Chapter program began in 1968 and since then has grown to more than 2,800 chapter clubs with approximately 600,000 members / subscribers.

Our club is comprised of both boaters and non-boaters, with levels of angling skills from beginner to successful pro-angler.

MISSISSAUGA BASSMASTERS

Ontario B.A.S.S. Federation

Chapter Number 8665

As one of the founding clubs of the Ontario B.A.S.S. Federation we are very proud to have been recipients of the 1997 & 2000 Bass Anglers Sportsman Society International Chapter Conservation Award.

The 1997 & 2000 Bass Anglers Sportsman Society Northern Division Conservation Award.

The 2000 Bass Anglers Sportsman Society Northern Division Chapter of the Year Award.

With our endeavors that we have made for the improvement of all aspects of the Sport Recreation of Fishing, we have received letters of Recognition from Prime Minister Jean Chrétien, The Minister of Fisheries and Oceans and our very own Mayor Hazel McCallion.

We are Canada's Premier Bass Fishing Club

FOUNDING GOALS OF OUR MISSISSAUGA BASSMASTERS

Being a fishing club we take pride in bringing freshwater anglers, primarily bass anglers, together to share their ideas, techniques and conversation. This camaraderie is what inspires programs, projects, and ultimately the positive involvement in improving the local freshwater recreational opportunities through the following activities:

- To stimulate public awareness of fishing as a major participant sport, as well as a most relaxing and healthy pastime.
- To encourage both private and governmental study into all the reasons why fishing on some of our lakes, rivers and streams are deteriorating and to have them seek out the solutions for restoring and maintaining top fishing conditions for ourselves and for our children and generations to follow.
- Protecting fishing environments throughout the Credit River Watershed.
- Environmental protection and restoration in such locations as Wolfe Lake, Ken Whillans Lake, and Lake Ontario at Lakefront Promenade Park.

- Promoting catch & release of all fish species.
- Conducting Bassmaster CastingKids® contests.
- Take-A-Youth fishing days, Urban Fishing Festival.
- Serving on a steering committee to update the Credit River Fisheries Management Plan, which includes investigating Smallmouth Bass introduction to new reaches of the Credit River.
- Reporting on the latest products and techniques.
- Fishing tackle swaps/flea market events.
- The opportunity to participate in chapter and provincial level tournaments and beyond.

Mississauga Bassmasters is a strong club with an exceptional past and an outstanding future ahead. Mississauga Bassmasters is no longer just a fishing club. We are now involved within our communities through conservation projects, children's events, castingkids, charity events, as well as club social functions.

It is the members that make a club strong. It is the members that give up their time to support our different projects. With a strong Executive and Chair Committees, Mississauga Bassmasters moves forward into the future with pride and commitment.
